

## PACKED BY PETER

Stride, Inc. manufactures and distributes office products - BUT - Stride is not your average company! A small, woman-owned business, Stride's goal is to provide the consumer with exceptional office products alongside a mission to provide training and integrated employment for people with intellectual and developmental delays.

Peter, Stride's "Rain Man," is on the autism spectrum and has worked for Stride since the business started in 1981. Peter is a genius in math; he is an artist, and creates beautiful paintings and needlepoint, but he is completely non-verbal and cannot cross the street by himself. He packages Stride products with pride and laughter and always comes to work ready to go. With a tremendous sense of humor, Peter may slip one red pen into a box of blue. His infectious laughter gives team leaders a clue to check his work!

In his 70's now and living in a group home, Peter has wonderful caretakers who provide amazing and loving opportunities for him to explore, travel and experience life. He is a valuable asset and is very much a part of the Stride family and will always have a place to work at Stride. Stride is a truly unique workplace and we are honored to have Peter as one of our colleagues. Give Stride products a try. You won't be disappointed in Peter or our products.

P.S. Should you receive that one red pen, in your box of blue or black pens just think of it as Stride's "Peter Principle," and if you wish, you can call 505-232-3201 and we will happily trade it for the correct color.

Diana has been a valued member of Stride since the 1990's and her quiet nature helps when things get busy.
